

# Victoria Lozzi PVE City Council

**A Vote for New City Leadership  
March 5<sup>th</sup>, 2019**

**Who is Victoria:** Elected in March 2017, I am serving my first term as City Treasurer. My husband, Nick, and I have lived in PVE for 10 years, and have four children that graduated from Palos Verdes High School. I graduated from UC Berkeley and have over 30 years of corporate banking experience. As a Senior Vice President at U.S. Bank, I am responsible for managing bank relationships with higher education and nonprofit organizations and oversee \$600 million in credit risk. I specialize in helping organizations finance projects, implement efficient banking operations and manage investment assets.

**Why is Victoria running for City Council:** I tried so hard to have an impact as City Treasurer, but became very frustrated with not having a vote on City matters. You will not find any disagreement that residents want to maintain the character and charm of PVE and preserve our parklands. However, it is a much different story with City finances and operations. I have continually advocated that we need to place more emphasis on the long-term planning and ensure the City is financially stable into the future. I think new leadership is in order, and felt I needed to step up and try to get some change.

## **Fresh Perspective**

**Victoria's Platform:**

- Engage with the community and **represent the residents**
- Preserve the **character of our City**
- Improve **financial responsibility** and ensure **long-term stability**
- Ensure **neighborhood compatibility** and **treat all residents fairly**
- Maintain **public safety** at the level and quality our residents desire
- Protect our **parklands**
- Improve **transparency** and **communication** with residents

**Contact Victoria:**

Please contact me directly to discuss my candidacy or if you would like to provide support. I am very committed to the City of PVE and will do everything possible to represent the best interests of the residents.

## **Financial Responsibility**

**Please Support Victoria:**

- Host a Coffee/Meet & Greet
- Display a yard sign
- Donate to my Campaign
- Campaign on my behalf
- Inform me of your issues

***“I think we need to deviate from ‘business as usual’ to make sure we are strategically improving our City operations and planning for the future.”***

***My goal is to meet as many PVE residents as possible to introduce myself and have the opportunity to discuss the issues they would like City Leadership to address***
