## PVE CITY COUNCIL

**WE NEED LEADERSHIP -  
NOT UGLY SMEAR CAMPAIGNS**

**Disclosure and Transparency should not be a scary prospect for any governing body.**

We have not balanced our budget in the last four years. Now, we are one year away from cash deficits even after \$3 million in covid relief funds. Retention of our local PVE police is at risk unless we solve the underlying issue to fund the police in the years ahead.

My commitment: [Dez4PVE.com/police](http://Dez4PVE.com/police)  
 My solution: [Dez4PVE.com/financial](http://Dez4PVE.com/financial)  
 Protecting our land: [Dez4PVE.com//preservepve](http://Dez4PVE.com//preservepve)

**I offer solutions and analysis to improve decision-making and will provide the residents a seat at the table. Examples:**

- The roundabout
- Unbalanced budgets (spending beyond our means)
- The undisclosed PVE Foundation study for new housing

The roundabout did not have support of the residents, our budgets each year do not include all costs and are not balanced, and the residents are excluded from the public housing meetings and remain uninformed about development of OUR land.

Similar, to my candidacy and the Land Preservation Act, I will do so in a professional manner, without attacking my colleagues' character. Our path to success is to move beyond the mean and divisive rhetoric to finally solving our problems and serving with honor. I seek effective communication and engagement with the community to build a much needed bridge of trust between the residents and the city.

**Disclosure and Transparency should not be a scary prospect for any governing body.**
