## UNIQUELY QUALIFIED

### EXPERIENCED

I am the only candidate for City Council with prior experience on a City Advisory Committee and would be the only member of our City Council with prior experience on the Planning Commission. I bring with me almost 20 years of management experience in the technology industry.

### SUPPORTED

I am the only non-incumbent candidate endorsed by the Palos Verdes Police Officers' Association and the only candidate endorsed by 14 Palos Verdes Estates Mayors representing a combined 94 years of City Council Experience. I am committed to bridging what divides us.

### INVESTED

With two young children growing up in Palos Verdes Estates and attending local schools, I am invested in securing our City's future. Our City's future is my family's future.
